### Success Stories

Ms. Elizabeth Cordova is the prime example of perseverance and resilience. Ms. Elizabeth has taken advantage of Career Services provided by our Employment Specialist, resources provided by her Case Manager and community organizations and has consistently checked in with me, her Housing Navigator regarding leads and most recently, her Universal Housing Application for Weingart Rose in Norwalk. Ms. Elizabeth also makes it a point to attend her Mental Health appointments with Enke.

Ms. Elizabeth has had three job interviews in a matter of weeks; even when has not received job offers, she keeps pushing forward to the next opportunity. Liz consistently meets with our Employment Specialist, Jacob, requesting support with restructuring her resume, job leads and mock interviews. Liz reached out to her Case Manager, Kyler for interview clothing which was provided by the Whittier LGBTQ Center. Liz was part of the most recent cohort to graduate from the culinary program provided by Access to Care, led by Susie.

We can appreciate Liz's attitude and motivation to better her situation. We are proud of Liz and she shares she is very proud of herself.
